For use as a switch isolator in all types of circuits. As defined in AS/NZS3000-2007, clause 2.3.3.2, domestic installations require no more than one main switch for each metered supply.

## Technical data

AC 22B duty specification (mixed resistive and inductive loads. Not motors)

## Connection capacity

In: 40, 63A

- 25mm<sup>2</sup> rigid cables
- 16mm<sup>2</sup> flexible cables

In: 80, 100 & 125A

- 50mm<sup>2</sup> rigid cables
- 35mm<sup>2</sup> flexible cables
